Dear Customer,

Our company has a strict credit policy. Credit lines will only be extended to accounts that provide the required information, and have a good payment history with their references.

We are requiring a letter of credit from your banking institution. This letter needs to say how much credit your bank is willing to extend to you. We are not a bank. If your bank will not give a credit recommendation, how can we be expected to extend you credit?

The credit terms that you have agreed to by completing the credit application process is a legally binding agreement. By signing the credit application you have guaranteed full payment of the account. You have agreed to pay, in addition to any outstanding balance, service charges, all legal and/or collection fees, court costs, and lien filing fees.

Our credit terms are Net 30 days from the date of the invoice, or on or before the 10th of the month following the month in which services were rendered.

**If your account becomes delinquent and/or you exceed your credit limit, you will be placed on a cash only basis.**

**If at any time you are going to charge on someone else's account, the account holder (payer) must contact our office to authorize each jobsite. If you are going to have someone else pay on your job(s) such as the property owner, they must contact our office with payment method and**
